Recruitment Partner

VEE TECHNOLOGIES
Extraordinary Outcomes

SOLUTIONS

Entry Level Assessment

Facilitating the assessment of a candidate's aptitude & skills – coding, domain-specific, & psychometric; using performance analytics for the recruitment of the best candidates for all levels.

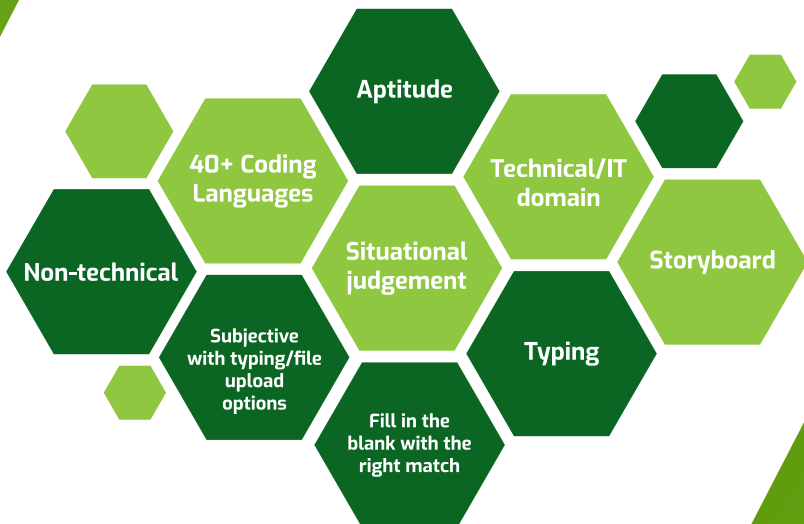

- Conducting virtual recruitment drives across India
- Free job postings on social media
- Ascertaining the recruitment of high-performing talent
- Boosting interview-to-hiring ratio

Assessment of Existing Employees

Pre- and post-training assessments to evaluate training effectiveness; running periodic surveys, induction to exit, through customized assessment.

- Evaluating current skill levels through customized pre-training assessment
- Testing post-training improvements to determine training effectiveness
- Using comprehensive analytics for measuring the acquired skills
- Engaging employees through surveys, exit interviews, and contests

ASSESSMENTS WE OFFER
