# GOLD Features

**Diagnostic Assessment**

We meticulously assess the aspirants' skills in seven different areas that recruiters actually look for.

**Diagnostic Reports**

Aspirants get a detailed analytical insight into their performance in the assessments and a report on how close they are to getting a dream job.

**Learning Tracks**

Curated learning roadmaps enhance the aspirants' employability with the right content, regular assessment, detailed solutions and insightful reports.

**Jobinars**

Industry experts mentor the aspirants step-by-step through webinars and podcasts to help them achieve.

**Digital Profile**

Aspirants create their own digital identity including Video Resume & Final Score to ensure prompt recruitment.

**Recruitment Calendar**

As **GOLD** members, the aspirants get specific Monthly Recruitment Calendars and reference to 2300+ companies looking to recruit for the profile

- 1 Aspirants get sectional & full assessments to gauge their skill levels.
- 2 They get to know how close they are to getting their dream jobs.
- 3 They get tips and tricks to ace all screening – the online test, the GD, the coding round, & the PI.
- 4 They learn efficiently from the most relevant learning material.
- 5 They get to test their skill levels through multiple assessments & improve by learning from the detailed solutions.
- 6 They get to practice solving programming questions in real time simulations.
- 7 They create their digital identity.
- 8 They have an itinerary with our Monthly Recruitment Calendars, in place of the unplanned, random searching.
- 9 They get regular alerts & updates about recruitment drives.
