We connect students across India with leading companies for the best job placements!

Colleges aim to achieve 100% placement for all students.

Students dream of landing the best jobs in the best companies.

HireMee makes this dream a reality for colleges and students across India!

## What is HireMee?

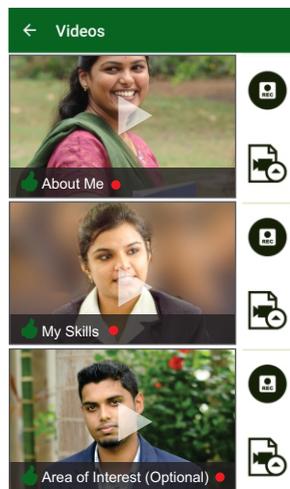

A path-breaking revolutionary concept that links students directly with recruiters

State-of-the-art web portal and mobile app that does all the placement work for you

- A CSR initiative by a reputed group of companies
- A bridge between students and recruiters across India
- Students find the right job and corporates find the right person for the job!
- Based on karmic pricing - for the first time ever (free).

## How HireMee works:

- Students are assessed with a 7-digit score for Verbal, Logic, and Quantitative Aptitude, along with Psychometric/Personality, Communication, and Technical knowledge & skills (domain subjects) and Technical - Programming.
- Video resumes have been brought for the first time allowing students to upload videos along with assessment scores for easier placements
- An extensive database of students and jobs from the private sector as well as government agencies ensure better and faster placements.

## Advantages of HireMee:

- Students and colleges get connected to recruiters across India
- Pre-assessed profiles with 7-digit scores provide an in-depth understanding of each student.
- Video profiles will give the recruiters 3D picture of the personality, communication skills, confidence, and attitude of students, so they can make hiring decisions easier and faster.
- Shortlisting and hiring is done through the web portal or mobile app for easier and faster recruitment for all!
- No need to visit multiple recruiters/companies to get the job.
- It's totally free!
